UWP - Project.

Design:

Pages: Main Page (for navigation).

The sketch shows a mobile application interface titled "Account Book". Below the title is a "HOME" label. There are two rectangular buttons: "Add items" and "Search". At the bottom, there is a navigation bar with two tabs: "Home" and "Setting".

Pages: Add new Item Page.

- date
- income/ expenditure
- details
- value.
- ~~currency~~ currency
- location [GPS]
- get error if type nothing

The sketch shows a mobile application interface titled "Account Book". Below the title is the heading "Add New Item". There are four input fields: "date" (with a dropdown arrow), "item", "value" (with a dropdown arrow), and "location". Below these fields is a button labeled "Get Current location". At the bottom of the form area are two buttons: "Submit" and "Reset". At the very bottom is a navigation bar with two tabs: "Home" and "Setting". An arrow points from the text "currency" to the dropdown arrow in the "value" field.
